Parish Service (_____)

Home Parish

- To earn **credit** for parish service, you must have all of the following requirements completed (no partial credit):
 - At least **five** hours of acceptable parish service
 - Valid signature for each different activity
 - All other information included
 - Sufficient written reflection on service (at least one paragraph per question)

Acceptable Parish Service Only service performed for your home parish qualifies (the parish sponsoring your education). If your parish has a grade school, work for that school counts for parish hours. The service must be performed outside one's Sunday Mass obligation, even if one is performing a liturgical function at that Mass. (Exceptions: If one fulfills a liturgical role at a weekend Mass, one may not count the Mass itself, but may count the preparation or practice time; or, if one attends a second Mass in order to fulfill a liturgical function.) Hours spent in adoration: When one is adoring Our Lord, one receives more than one gives. For this reason, the student may count 15 minutes of service for each hour of adoration, up to four hours of adoration and one hour of service. The rest of the parish service hours must include other forms of parish service which directly help the parish (setting up for a wedding for a family member would not count for parish). The form must be signed by your parish priest or the parish employee/volunteer who organized and supervised the activity.
